WHAT'S NEWS AT SONOP?

Coronavirus outbreak 2020

With the worldwide outbreak of Coronavirus (COVID-19), Sonop knew that we had to act swiftly to inform and protect our people. On the morning of 20 March, we had a gathering with all the teams of Sonop and Makalane to educate our people and put the necessary actions in place to prevent spreading of the virus.

We used this opportunity to start the day with a Scripture reading and a prayer, together as a team, to focus on God and to not be afraid of the virus. Albert gave the employees the scripture **2 Chronicles 7:13&14** to read in times of difficulties.

SONOP NEW OFFICES AND TRAINING FACILITY

An exciting and proud event for Sonop Farms.

From 1 April 2020, we are in full use of our new office building. We expanded by adding a Training facility, that can accommodate + - 50 people, production managers office and CEO office.

The training facility will enable Sonop to pay attention to the necessary training to empower our workforce and develop their skills. The new offices offer the Managers and Albert, much needed workspace and a quiet environment that will contribute to deliver top-quality work.

An official event is planned to celebrate the opening of the new office building in the near future.

We are grateful for the privilege of being able to do this expansion and believe it will help to take Sonop to even higher levels.

We thank the Heavenly Father for the great opportunity.
