

VOLUME #25

SONOP NEWSLETTER

FEBRUARY 2021

2021 SEASON

Blessed is the one who trust in the Lord, whose confidence is in Him.

The Sonop Team hopes that the new season starts off bright and continues to shine throughout the year. Our wish is for peace and contentment that does not cease.

Sonop is looking forward to new challenges, achieving our goals and a successful 2021. We are grateful for a fruitful 2020 season that has past and we are looking forward to a fearless year ahead.

We are expanding our horizons and we are excited about the new developments and seizing new opportunities.

VALUES

Integrity - Always be trustworthy, loyal and honest.

Take responsibility and be accountable for your actions, stay humble, be consistent and fair.

Respect - Attitude is everything. Display self-control and be open to other opinions.

Accept individual differences and respect each individual's uniqueness.

Passion - Enjoy what you do and have fun, be enthusiastic.

Innovativeness - Self-education, continual renewal, life-long learning and self-discipline is of utmost importance.

Excellence - Always strive for perfection in everything you do.

All values are in line with Biblical Principles.

New Addition to the Sonop Family

During the month of February, we welcomed **Louis and Adriana le Grange** to the Sonop team. We are very excited for them to join the Sonop family and we trust that they will add immeasurable value to our growing team.

Louis has been appointed as a Production Manager at Sonop Farms. He will manage an extensive part of the vegetable produce and specifically the tomato production.

On the vegetable side Sonop is exploring new opportunities that we are very excited about and will be reporting updates as they commence.

Adriana will assist Louis with all the administration in his department.

Sonop wishes you all the best, may you experience a lot of blessing and happiness being part of this team

NEW ADDITIONS

Leopard Ridger

On Wednesday the 20th of January 2021 Sonop Farms received the newest addition to our farm equipment being the Leopard Ridger. At Sonop our strategy is to stay ahead of the trends and the use of technology to increase efficiency.

The machine consists out of a big ripper, 300 litre fertilizer holders with two "fertisystems", ridge indicator, one on the left side and one on the right side and a curator applicator and weighs approximately 2.5ton. The machine is designed to make wider ridges for the tomatoes, to enable the planting of two rows, with enough space in-between and will be used in our open fields.

We all are looking forward to a demonstration of the machine.
